

Miss Earth South Africa Stationery Drive, in association with Consol.

Dear Colleagues and Friends,

Please join us in contributing to the 2012 national stationery drive. Your contribution will ensure that stationery packs are distributed to disadvantaged learners across South Africa. Initiated in 2008, this campaign has grown exponentially year on year and our target this year is 10 000 packs. To achieve this target and reach even more learners we need your help.

For your convenience the items required are listed below. To arrange for collection of filled jars, or to request additional jars, please contact 082 505 0664. Alternatively, email missearthsoutha@mweb.co.za for information on convenient drop-off points. Given the limited volume of the jars we will also collect boxed stock from corporates or those wishing to contribute larger volumes.
